

Carpenter and Joiner Foundation

School District Dual Credit Program

Students enrolled in the 30-week (900 hours) Carpenter and Joiner Foundation Program will learn the skills required to seek employment in the trades of carpentry and joinery. They will develop the skills needed to begin working as carpentry or joinery apprentices. Graduates of this program will receive credit for Level 1 Apprenticeship technical training for both Carpentry and Joinery and may also be granted practical credit from the Industry Training authority (ITA).

On successful registration and sponsorship into an apprenticeship program, the ITA will request that graduates choose which apprenticeship pathway they intend to pursue.

Career Opportunities

Carpenters work for construction and renovation companies and in the maintenance departments of buildings and factories. Some even start their own businesses. For more information on Carpenter employment opportunities:

WorkBC – www.workbc.ca

ITA – www.itabc.ca
