

Sheet Metal Worker Trade

School District Dual Credit Program

This 20-week (600 hour) program provides students with little or no previous experience in the sheet metal trade with the necessary skills to seek employment in that industry as an apprentice sheet metal worker.

This program exposes students to aspects of residential, commercial and industrial systems in this trade with a focus on developing practical skills. The curriculum follows the Industry Training Authority guidelines for the first-year in-class components of the Sheet Metal Worker Apprenticeship.

Career Opportunities

Sheet Metal Workers find jobs with Air Conditioning and Heating Contracting Firms; Residential, Commercial and Industrial Construction Firms and Independent Heating and Air Conditioning Shops. For more information on Sheet Metal Worker employment opportunities:

WorkBC – www.workbc.ca

ITA – www.itabc.ca

Program Outline

Upon successful completion of the program, graduates will receive credit for Level One Technical Training and 350 work-based hours towards completion of Sheet Metal Worker apprenticeship. An overall average of 70% calculated on a weighted percentage, base on time allocation.
